

# Become a NamastePOS Partner

Earn recurring income selling the restaurant POS that just works.

NamastePOS is a live, mobile-first restaurant billing & POS platform. You bring local restaurants on board; we handle the product, onboarding and support — and pay you a recurring commission every year they stay.

## The opportunity

- 7.5 million restaurants in India — most still on paper or clunky billing machines.
- Restaurant-software market growing ~23% a year to ~\$848M by 2030.
- New GST e-invoice rules are pushing small restaurants to adopt compliant software now.

## Why it sells itself

- Lower all-inclusive price — no annual lock-in, no report paywall.
- Runs on a phone/tablet and keeps working offline during rush hours.
- GST invoices, QR ordering, loyalty, wallet & UPI built in.
- Made in India, priced for small & mid restaurants.

## What you earn: 20-30% recurring commission

| Restaurants signed | Plan (Rs/yr) | Your recurring / year (25%) |
|--------------------|--------------|-----------------------------|
| 10                 | Rs 9,999     | <b>approx. Rs 25,000</b>    |
| 25                 | Rs 9,999     | <b>approx. Rs 62,500</b>    |
| 50                 | Rs 9,999     | <b>approx. Rs 1,25,000</b>  |
